

## Calling all knitters

LINK to HOPE, the charity responsible for the Shoebox Appeal, have asked if it would be possible for people to knit or crochet a small blanket suitable to be given to an elderly person to go over their knees. These 'knee blankets' would not be packed into a shoebox but would be packed in separate cartons to be delivered with the shoeboxes.

We have two people from the Shared Church who are currently making blankets for the appeal. Would you be willing to make a knee blanket?

If so, please contact me for details and I will supply you with wool.

Many thanks
