communities in Eastern Europe

Shoebox Appeal 2022

Link to Hope are currently working to support those caught up in the conflict in Ukraine and others who have left the country, and recently sent a letter regarding the Shoebox Appeal. Part of the letter reads

So after two years of COVID we thought the worst was over. However somebody thought differently and as we are sure you are more than aware, we are now embroiled in sending as much support to the Ukraine as possible. The Shoebox Appeal is especially important for us this year and we will be doing everything possible to make sure that a great number of boxes get into Ukraine as well as to our other countries.

Thank you for wanting to join in this year's Family and Elderly Shoebox Appeal. We will be keeping the contents list the same as last year as all of the items are relevant to the people that receive them whether they are still in their own countries or living in another temporarily. Our Shoeboxes are always given to convey love from a stranger to a stranger and this year in particular they will be sorely needed.

Lisa Hector, General Manager, Link to Hope

Over the past years the response to the Shoebox Appeal from the Shared Church has been truly amazing and this year we would like to do as much as we can to support the many people who need our help. We have already started to collect items and pray that you will consider packing a shoebox (or more). If you feel that you are not able to fill an entire box, we will be very grateful for any suitable items or a donation to help us pack an extra box.

The new leaflets have already been delivered, so please take one from the Schoolroom or get in touch and we will get a leaflet to you. We have printed the list of items in this newsletter and will also display a list in the Schoolroom. Items that we are often short of are toothpaste, toothbrushes, soap and we are also taking donations of knee blankets, knitted hats, gloves scarves etc. Basically, if its on the list and you have it, we will take it!
