Dear Friends

Greetings from Thailand. We've been back here for almost a month now, since our Home Assignment in the UK, and gradually getting back into the swing of things.

In Wang Daeng, Pastors Neng and Sky are settling in well to the village. Pray that they would have a passion to serve the community, reach out to the lost and build up the faith of the church members. The football ministry now has a regular group of 10-15 youngsters coming for training and they have begun playing matches with other teams. Two weeks ago they formed a Christian youth club. Please pray for these youngsters and their families to come to know Jesus.

In Ban Dara, we praise God that the church is growing and has seen many new believers in recent months. However, perhaps unsurprisingly, the leadership team seems to be under attack. Please pray for especially Som, who is frequently ill; for Malee, currently working in Bangkok with her non-Christian husband; and for Mon who has had many accidents and incidents recently. We thank God for bringing Alan, a mature believer, to join the church. He is a good musician and has been great in developing the worship team.

In Maesan, please pray for young Pastor Newton, who often feels quite isolated, working alone in a remote location. Many of the members are still involved in animistic practices, so pray that the Holy Spirit would work in their hearts as they study God's Word. Although things have improved a lot, there is still a long way to go. The congregation has been used to everything being done for them and given to them and change is hard.

Our Home Assignment was good but exhausting, however, we did manage to grab time here and there to enjoy the beautiful summer weather and to spend time with family. Helen's knee gradually improved over time, which made things easier towards the end. On our return she had appointments with the surgeon and physiotherapist, both of whom were very pleased with her progress.

In family news, our son, with his wife and daughter, will shortly be going out to serve in SE Asia. Please pray that they would be able to find tenants for their house and a buyer for their car before they go. Our daughter and her husband have bought a house! They have spent the last month doing lots of DIY, and there will still be a lot to do even after they move in, but they are very happy to finally have their own place.
