

Shoebox Appeal 2021

Yes, its that time of year again !. As you will see from the newsletter, we have received a Thank You poster from Link to Hope for all we collected and donated to the Shoebox Appeal in 2020. Despite lockdown and difficult circumstances, the Shared Church once again made a great contribution in the amount of shoeboxes and knitted blankets we were able to send. Link to Hope were so impressed with how we managed to contribute to the appeal that they mentioned us in their charity 'blog' and we have placed a copy of their current letter in the church newsletter.

We have registered to take part in the Shoebox Appeal again in 2021 and although we do not know exactly how this will be done, due to restrictions etc, we, as a church, will be taking part. We have already collected many items and our loyal team of knitters and crocheters (is that a word?) are hard at work with their needles. The publicity and leaflets will not be available until May/June but you do not need to wait for then to start getting items for your shoebox. If you have spare items, let us know and we will arrange to collect them and if you need wool, please ring and we will be happy to deliver some to you.

Last year we were astounded at the response, especially as times were tough, but we proved we could do it, albeit in a different way, and we will, with a lot of prayer and God's help, do it again this year.

Blessings, Carol Kendrick 01933 460045
